

## Night of the Comanche Moon (Five Star First Edition Western)

Four mens destinies are chained to the huge water wheels irrigating the great rancho of Don Alfredo Correon de Leon y Delgado, deep in Chihuahua. John Hardisty, a cheated prospector, Geoffrey Carruthers, a rather proper English rancher, the crazed Irishman, OMeara, and Juanito Tomas, son of a powerful Comanche chief, work as slaves turning the wheels, each an innocent captured by Don Alfredos private army. Hardisty and OMeara are loners who are not missed but Juanitos father vows revenge and release for his son while Carruthers sweet and brave sister, Ann sets out on a perilous journey searching for him after his disappearance. The fierce Comanches raid the hacienda to free Juanito just after Ann has arrived there to inquire about Geoffrey. The prisoners escape, and in a bargain with Chief Tomas, Hardisty rescues Ann from Don Alfredos clutches. Hardisty must claim her as his woman to protect her from the Indians, something the highborn Ann scorns. After her injured brother dies, she must trust Hardisty as they escape across the desert with the bloodthirsty Mexicans behind them and the fearsome Indians in front of them...or perish.
