

Blood Lust 2: The Carrion

Cameron and Gillian are an odd boyfriend and girlfriend - he's a vampire and she's a reanimated corpse - and ever since they became living-dead, trouble has followed them around like a bad smell. A good-intentioned trip to see his father coincides with a Satanist serial killer's plan to control the primal force of Death. This, in turn, causes the dead to rise and go on a human flesh-devouring rampage across the city and Cameron is forced to use his powers to save himself, Gillian, his family and ultimately the World. Again. The Carrion is a comedy, schlock horror, gore-fest fusing multiple horror myths and popular cultural references to produce a self-parodying, action-adventure that would appeal to the likes of Pratchett and Rankin fans and horror readers who don't mind their classics getting a wry remix.
