

Cold War Cold Heart

Jonathan Baeshore is a career-oriented member of the USN. His talents as a data system programmer and systems designer makes him invaluable to the Navy and a person of particular interest to other military organization throughout the world, especially the USSR. Unaware of how valuable his talents are he is catapulted into a world of espionage and intrigue beyond his control. Ed Robinson, Jonathan's subordinate, turns out to be more than what he seems, trying to help Jonathan navigate his way through the tangled web of Navy Intelligence. But Jonathan believes Ed to be his number one enemy and will stop at nothing, including murder, to get control of his own situation, rebuffing all offers of help. Run with Jonathan as he finds love in all its forms, whether heterosexual or homosexual, realizing that in this business you either put out or you get out. **WARNING:** This book contains graphic descriptions of consenting, sexual engagement between women and men and men with men both homo and heterosexual, S&M, Bondage and Discipline. **VIOLENCE:** This book contains graphic descriptions of murder, bludgeoning and decapitation. No persons under the age of 18 is permitted to read this book.
