

Criminal Utopia: Fear The Hacker

What do you do when the most feared hacker in the world is tearing your life apart? In Night Harbor, Minnesota, ultra-marathon runner Jim Wisendorf is being stalked by a sadistic technology genius. Out of desperation, Jim tries to find someone skilled enough to help him stop the unbeatable hacker, before everything he loves is destroyed. While fighting to get his life back, Jim makes his way through the dangerous underground world of cyber-criminals. In doing so, he sets events into motion that could disrupt the balance of power around the globe. Who is the elusive hacker? Why is Jim the target of such relentless torment?
