

Ashes Nightmare: A Gay Romance

Ashe had fallen into his life as a vampire's food source by chance, but when his mistress needs to leave the city he has two options. Go back to the street where she found him or let himself be given as a gift to the most feared of vampires in another city and across international borders. His choice will lead him to Killian and his first chance at love with another man. Killian's power is of nightmares even if the man is everything he's dreamed of. Warning: this title contains graphic M/M sex and disquieting memories. Was first published under the title Ashe. Editing done by Lee Burton Photo by C L Warden
