

Matchbook: A Blue Sage Mystery

Shes a funny, alcoholic homeless woman - who may or may not be schizophrenic. And shes trying to solve her daughters murder. Carol is amusing, clever, sometimes biting, and totally unique. Todd B., New York I was very engaged with the story and resented when real life made me put it away. Love it when that happens. -- Josie, Audible reviewer Carol Lassiter, the wisecracking, streetwise heroine of Matchbook, is emotionally lost after her daughter Ellas alleged suicide. But when a matchbook with a phone number scrawled inside is dropped into her donations box, Carol is dragged into a dangerous game of cat and mouse with a mystery man who dangles a dramatically different story of Ellas death. As she searches for the truth, Ellas secrets catch up with her and Carol must question her own tenuous sanity. Set on the streets of San Antonio, Matchbook is a compelling psychological mystery, as witty and entertaining as it is gripping. Perfect for fans of the witty and engrossing work of Grafton, Evanovich, Haason, and Scottoline. Praise and raves: I loved it. Its got such a unique voice. -- Jen Crawford at St. Martins Press the authors voice is something special here--direct, fresh, and subversively humorous. -- Oliver Haslegrave at Little, Brown (The author) has a great voice. And I love Maurice! --Toni Plummer at Thomas Dunne Books I was immediately drawn into this book. The voice of Carol is amusing, clever, sometimes biting and totally unique. -- Todd B., New York I had a lot of fun reading THE MATCHBOOK . The author has a deft hand for creating likeable and believable characters and her dialogue reminded me a lot of Evanovich and Grafton in its dry wit and timing. Carol is a great leading lady; I found her extremely sympathetic and believable without becoming too cloying or melodramatic. Prosapios knowledge of life on the streets also came through... and her

intimacy with the subject made Carol that much more affecting. --Anna deVries at Scribner The writing has a nice sense of place and good sense of humor, and the ending is well done... -- Beth de Guzman at Grand Central Publishing It was fun to read something set in San Antonio, sticky summer-heated streets and all. -- Sarah Branham at Atria
