

The El Agha Conspiracy (Jake Crabtree Adventures Book 4)

The famous Mossad Chief is now the hunted! Yossi Cumi is the head of Israel's Mossad. He's also Jake Crabtree's uncle, advisor and friend. A playboy Arab businessman wants him dead for something he didn't even do. Still, that didn't stop the Palestinian from making a deal with the devil that sends an Hezbollah hit team after Yossi. There is also a Messianic Rabbi who worked with Yossi that shares some very interesting information about events that shook Israel. The team has relocated to Israel for this one, so you'll get some great travel details for your next trip to the Middle East.
