

?Solo Dios Sabe?: Distorsion y decadencia: 2012 al 2013 (Bang! Trilogy) (Spanish Edition)

American Psycho* would be a close friend of the main character, Gabriel Tramis, a 33 year old mexican entrepreneur with a rich American cultural background at the start of a 2 year period where life as we know it starts to change after Mayan dooms date 21/12/2012. His personal beliefs change with the times, the feelings get deeper and a strange vision he has, makes him seek capital money from 10 friends that dont know each other to build a steel bunker in form of a pyramid inside a natural cave, where they will meet before de Earths polarization-dooms day 2012-2017. Gabo for short, narrates in a very unique, creative and direct way details, from office sex to double lovers in Portland, from San Diego after the San Andreas earthquake to dirt bike racing, from pro football to his quest for true love, and from true love to mixed feelings of hate and anger. Gabo falls madly in love with 2 very special, gifted, smart and different women (Mexican and American) almost at the same time. It boils. Boring Proof! There are no 5 pages without a dramatic punch, thrill, surprise, mixed feeling or lover related trouble. Burroughs, Lautremont, and Easton Ellis on steroids hit hard on todays decadence of the social fabric, world of nonsense, violence, air heads and fanatical terror. The first transgressional fiction novelist in ESPANOL. with real life happenings towards the big change that will start in 2012. Packed with tons of drama, thrills, action, intense latin style love, hate and questioning of todays decadence of the social fabric, including some real life horrible things that you will never ever find on CNN or the New York Times.
