

## Bric-a-brac (Finnish Edition)

Bric-a-brac est un recueil de textes varies repartis en deux series, dont la deuxieme a ete reeditee sous le nom de Propos d'art et de cuisine. Comme le nom l'indique, Dumas raconte dans ce texte les circonstances qui lui ont fait ecrire a Marseille en quatre jours le drame des Forestiers (tire de son roman Catherine Blum). Il en profite aussi pour nous raconter entre autres comment il est rentre en possession d'un chateau, oiseau qu'il avait fini par croire imaginaire, sa rencontre avec un batelier qui lui voue une grande reconnaissance depuis la parution du Comte de Monte-Cristo et le flot de touristes qui traverse pour aller au chateau d'If, et enfin la recette pour obtenir un poulet roti succulent.
