

## Marsilani 4: Retrograde Motion

Marsilani is a series of short stories and poems loosely written around the theme of growing up in Mililani. Mililani was the first fully planned community in Hawaii, and is an iconic representation of suburban life. Marsilani 4: Retrograde Motion is the fourth part of this series. The stories in this book are temporally and thematically related to each other, and take a primarily retrospective (and reconstructive) stance on such issues as drug addiction, family trees, and fatherhood. Note: It is not necessary to read the earlier books in this series. Nor is it necessary to read the stories or poems in any particular order.
