

## Kill or be Killed

Chet Walker returned to Kansas when his brother Burt faced trouble at the Flying W. Five years in Montana had enabled Chet to accept that Burt had won the girl they both loved but he was not prepared for the big trouble that awaited him. He had hardly set foot on home range when guns began to roar, and he was the prime target. Incident piled upon incident until it seemed that every man's hand was against him, and all he could do was fight back without reservation. Somehow he would survive the mayhem to confront the crooked men behind the plot to take over the range.
