

Oddscapes and Quirkitudes: A collection of somewhat outre short stories

Oddscapes and Quirkitudes is an eclectic collection of somewhat outre short stories, in the traditional fashion of just a bunch of stories, as opposed to a book full of one particular subject. They vary in both length and style. Some are decidedly odd, whereas others are quite dark and most definitely adult. Some are a journey into the human psyche, whereas others journey to the impossible. Dive in, Im sure you will find something to entertain, whatever your tastes. Prepare yourself for weirdness.
