

Point of Entry - Montauk

When a routine inspection of a ship docked in an Athens port turns up a vial of anthrax and an unidentified toxic substance, Greek police detective Lieutenant Georgio Karamanlis must solve a deadly game of connect-the-dots to prevent a germ warfare attack from happening on the shores of Montauk, New York. From Athens to Mombasa, from Tehran to Kabul, from Baghdad to Long Island, Paul T. Cook's new thriller takes readers on a terrifying tour of the intricately tangled web of international terrorism.
