

Snake Walkers

Traumatized as a child after witnessing a murder, Anthony Andrews, the first black reporter at the Arkansas Sun, seeks to solve the mysterious abandonment of a small town and the disappearance of fourteen white men. His investigation leads him from rural Arkansas to Cleveland, Ohio, as he tries to uncover a family secret kept hidden for more than a decade. The closer he gets to the truth, the more he must question his motives. His quest not only reveals the true identity of people he has met along the way, but also points Anthony toward a path that leads to his own salvation.
