

Wishes Come True

A YAOI styled novel. Contains mature language intended for mature audiences with an interest in M/M relationships - contains explicit homosexual material. This book contains the F word a LOT, it is used as a descriptive word, not intended to offend. If you do not like the usage of the word from the sample pages. Please do not buy the book. This books purpose is to make the readers have a good laugh. Believing that he has found the best way to be noticed as a worthy male, Calandrei sneaks out from home on an ominous night, to do what he thinks is best for his future. He is set on fucking a hole in a tree. Unknowingly, he steps into the fairy realm, and these are by no means your cute, petal-skirt fairies. These are REAL fairies! This is when he discovers that fairies have nothing to do with fairy tales, and that wishing for something is not always as good as it seems.
