

The Hypnotist (The Reincarnationist)

Haunted by his inability to stop the murder of a beautiful young painter twenty years ago, Lucian Glass keeps his demons at bay through his fascinating work with the FBI's Art Crime Team. Investigating a crazed collector who's begun destroying prized masterworks, Glass is thrust into a bizarre hostage negotiation that takes him undercover at the Phoenix Foundation dedicated to the science of past-life study. There, to maintain his cover, he submits to the treatment of a hypnotist. Under hypnosis, Glass travels from ancient Greece to nineteenth-century Persia, while the case takes him from New York to Paris and the movie capital of the world. These journeys will change his very understanding of reality, lead him to question his own sanity and land him at the center of perhaps the most audacious art heist in history: a fifteen-hundred-year-old sculpture the nation of Iran will do anything to recover.
