

The Flight Doctors Lifeline (Mills & Boon Medical)

Someone to hold on to Helicopter pilot Reese Jarvis is drawn to Dr. Samantha Kearn from the moment he first sees her in action with the Lifeline Medical Air Transport team. And when he learns that the cool, calm and conscientious flight doctor is having trouble with her ex-husband, he immediately wants to protect her. He becomes her lifeline, her support. But ever since his fiancée died in a helicopter accident he has been reluctant to put his feelings on the line. Can Samantha show him that she's worth the risk? And prove to him that their love can last forever?
